## **THE ABS MISSION**

Our mission is to assist and encourage informed decision-making, research and discussion within governments and the community by providing a high-quality, user-oriented and dynamic statistical service; we will actively coordinate statistical activities across government agencies and promote the use of statistical standards.

## **SERVICES AVAILABLE FROM THE ABS**

We can provide you with information, advice and a range of statistical products that will help you make the right decisions - whether you need the information for planning, performance measurement, investment decisions, research or keeping up with trends.

## **SUBSCRIPTIONS AND BOOKSHOPS**

We have around 500 publications available on a subscription basis, and our Bookshops can meet your needs for one-off purchases. If you would like to receive any of our publications on a regular basis, you can become a subscriber, have your publications mailed to you on day of release, and renew your requirements at any time. Catalogues of our publications and products are available free on request from our Bookshops. See the back cover for full address details.

## **INFORMATION CONSULTANCY**

The Information Consultancy Service provides personalised assistance to meet more complex information needs. Our consultants can help you if you have special information requests, such as tailored data compilations or in-depth data investigations. Our consultants are experienced in providing the right advice and assistance for matching our information to your needs. Call them on the inquiries number listed on the back cover.

## **ELECTRONIC SERVICES**

A growing range of our data is available on electronic media. Our PC-Ausstats service provides you with the capability of on-line access to an ABS database containing many thousands of up-to-date time series of socio-economic data. We have a range of summary information available on DISCOVERY 40 (Key#656). Our Telestats service can provide you with a number of major economic indicator publications which you can download into your PC soon after embargo on day of release, as well as a range of tailored foreign trade information. We can also supply a range of our information on floppy disk or CD-ROM. For more information on our electronic services, see the centre of this publication.

## INTRODUCTION

### General Information

This listing shows ABS printed publications to be released in 1992 grouped under subject headings such as Health, National Accounts, Finance, Agriculture and Building and Construction. On page 1 is a list of Main Economic Indicator publications which, together with *Year Books*, the *Monthly Summary of Statistics*, the *Australian Economic Indicators* and the *Statistics Weekly*, represent ABS best sellers.

This listing has been developed primarily to enable users to select printed publications to which they may wish to subscribe in 1992. By subscribing, users ensure regular and prompt delivery of ABS publications throughout the year.

ABS publications for which no issues are to be released in 1992 are not shown in this listing; however, information on previously released publications is available from ABS offices as listed on the back cover of this publication and from the comprehensive *ABS Catalogue of Publications and Products*.

### A Note on Prices

The prices shown are for an annual subscription for 1992.

If a subscription is taken out, prices are set for the period of the subscription. Prices of ad hoc purchases, however, are subject to change during the year.

Prices include postage both within Australia and overseas (economy air).

**1262.0 ABS Classification of Qualifications (ABSCQ)**

The ABS Classification of Qualifications is a new classification designed to classify post-school educational qualifications, by level of attainment and field of study. It was developed specifically to classify data on qualifications collected in the 1991 Census of Population and Housing. It comprises an explanation of the conceptual basis of the classification, definitions of the level of attainment categories and of the broad, narrow and detailed field of study categories and a set of conversion tables which define the relationship between ABSCQ and other relevant classifications. Its primary purpose is to aid the interpretation of ABS statistics on qualifications. Users wishing to code their own qualifications data to the classification should refer to *ABS Classification of Qualifications - Manual Coding System* (1265.0), which includes the coding indexes used to code qualifications data in the Census.

# ABS ELECTRONIC SERVICES

## ON-LINE SERVICES

### PC-AUSSTATS

PC-Ausstats provides you with on-line access to an ABS database containing thousands of up-to-date Time Series.

PC-Ausstats runs under MS-DOS. It has been designed to be easy to install, set up and use. Files may be viewed and manipulated using spreadsheet software of your own choosing.

### TELESTATS

The ABS offers two services under the Telestats system. The first contains all the published information from the main economic indicators in over 20 ABS publications. If you are after fast access to data such as the Balance of Payments, CPI and National Accounts, Telestats will have the first tables in your computer minutes after embargo release time. The second service enables commodity based Foreign Trade Special Returns data to be delivered to your computer.

### DISCOVERY

The ABS database on Discovery 40 provides short summaries of the most recent social, economic and population statistics. These range from consumer price index and balance of payments to motor vehicle registrations and average weekly earnings.

Discovery is Telecom Australia's national videotex service combining two-way (interactive) communications, with visual display of text and graphics.

# CONSUMER INCOME AND EXPENDITURE

## 6537.0 Household Expenditure Survey, Australia: the Effects of Government Benefits and Taxes on Household Income

Contains data based on the Household Expenditure Survey and other data sources showing the effects of government taxes and expenditure on household income distribution. Data are presented in several forms to demonstrate these income redistribution effects.

## 6548.0 Low Incomes, Australia

Married couples (with or without children), lone parents and single persons income units are featured in turn in this publication. For each income unit type, as well as characteristics such as sex and age, data are presented on labour force participation, unemployment experience and the relative importance of various sources of income, in particular the role of government pensions and benefits, in the financial year 1989-90. The economic circumstances of children, particularly those with parents in the lower income decile groups, and the relative situation of lone parents and single aged persons are examined in some detail. Data from the 1985-86 Income Distribution Survey are used as comparison.
